MEZZANOTTE LUXURY TOURS

ARGENTINA 2024

Join us as we explore the amazing country of Argentina, a perfect combination of gastronomy, culture, great wines and natural wonders.

We will start with the cosmopolitan city of Buenos Aires where we'll visit the different neighborhoods of this modern, but classic, European influenced city. From there we'll fly to El Calafate in the southernmost region of Patagonia to experience impressive peaks and the glaciers at the Los Glaciares National Park. A mandatory stop in the world-famous wine country region of Mendoza will give us the opportunity to visit important wineries and experience the great pairings of Argentine beef and Malbec wines.

We'll finish our tour visiting the Iguazu Falls right at the confluence of borders between Argentina, Brazil and Paraguay – the falls were recently named one of the 7 Natural Wonders of the World. During our trip we will cover a very extensive territory - all the way from the near Antarctic region to the Argentinean rainforest - while enjoying the luxurious details of our carefully planned adventures.
